

**PROPOSAL:**  
**To Paulding County Commissioners for**  
**Fiber-Fiber-to-the-Home (FTTH) Network Construction and Operation**  
**In Brown Township**

**Contact information:**  
**Paulding County Commissioners**  
**115 North Williams Street #B-1**  
**Paulding, Ohio 45879**

### **1.1 Network Background**

The following is a proposal to build, manage and operate a Fiber To The Home (FTTH) Network that will provide gigabit Internet access service (1000Mbps) as well as cable TV service to businesses, homes, and community institutions within the Service Area. Brown Township and Paulding County will provide support by assisting with and streamlining right-of-way and easement access.

The "Provider" will bear all the operating and maintenance costs of the Network.

### **1.2 Nature of Entities**

This proposal is issued to the Paulding County Commissioners and the Brown Township Trustees. Brown Township is located in Paulding County Ohio.

### **1.3 Overview**

This proposal is for the deployment and operation by a "Provider" of a high-speed fiber network for the citizens and businesses in the Service Area. The objectives are to establish a Network that:

1. is able to offer retail broadband connection of 1 Gbps and at least 700Mbps throughput download speed over each connection provided to a premises;
2. is able to support high quality data and video (cable TV) services;
3. uses fiber-to-the-premises network architecture;
4. covers 100 percent of homes and small businesses in the Service Area;
5. is rolled out and made operational progressively, on a demand driven basis, over 2 years from the date of execution of a contract between Paulding County Commissioners and "Provider";

### **1.4 Rights of Way**

Brown Township Trustees (Brown) and Paulding County Commissioners (Paulding) will allow "Provider" to have access to necessary rights-of-way on property owned or controlled by Brown and Paulding and property on which Brown and Paulding have an easement. Brown and Paulding will also cooperate with "Provider" in efforts to allow "Provider" to gain access to rights-of-way owned or controlled by third parties within the Service Area.

### **1.5 Relationship between "Provider" and Brown and Paulding**

"Provider" will be an independent contractor that provides all design, construction and operation services for the Network. Brown and Paulding will not have any ownership stake in the FTTH facilities nor the entity that owns and operates the Network.
