

PROPOSAL:
To Paulding County Commissioners for
Fiber-to-the-Home (FTTH) Network Construction and Operation
In the Village of Broughton

Contact information:
Paulding County Commissioners
451 McDonald Pike Suite E
Paulding, Ohio 45879

1.1 Network Background

The Paulding County Commissioners and the Village of Broughton are requesting proposals from Providers of High-Speed Fiber Networks (Network Providers) to build, manage and operate a Fiber to The Home (FTTH) Network that will provide gigabit Internet access service (1000Mbps) as well as cable TV service to businesses, homes, and community institutions within the Service Area. Village of Broughton and Paulding County will provide support by assisting with and streamlining right-of-way and easement access.

The Network Provider will bear all the costs for the Network, including but not limited to design, engineering, construction, equipment, and insurance for the Network, up to the end user drop point or network interface device. In addition, the Network Provider will bear all the operating and maintenance costs of the Network.

1.2 Nature of Entities

This request for proposals is issued by the Paulding County Commissioners and the Village of Broughton. Village of Broughton is located in Paulding County and Paulding County is located within the State of Ohio.

1.3 Overview

This request is for the deployment and operation by a Network Provider of a high-speed fiber network for the citizens and businesses in the Service Area. The objectives are to establish a Network that:

1. is able to offer retail broadband connection of 1 Gbps and at least 700Mbps throughput download speed over each connection provided to a premises;
2. is able to support high quality data and video (cable TV) services;
3. uses fiber-to-the-premises network architecture;
4. covers 100 per cent of homes and small businesses in the Service Area;
5. is rolled out and made operational progressively, on a demand driven basis, over 2 years from the date of execution of a contract between Paulding County Commissioners and Network Provider;

1.4 Rights of Way

Village of Broughton [Broughton] and Paulding County Commissioners (Paulding) will allow the Network Provider to have access to necessary rights-of-way on property owned or controlled by Broughton and property on which Broughton and Paulding have an easement. Broughton and Paulding will also cooperate with the Network Provider in efforts to allow the Network Provider to gain access to rights-of-way owned or controlled by third parties within the Service Area.

1.5 Relationship between Network Provider and Village of Broughton and Paulding County

The Network Provider will be an independent contractor that provides all design, construction and operation services for the Network. Broughton and Paulding will not have any ownership stake in the FTTH facilities nor the entity that owns and operates the Network.

2. Services Sought

2.1 Description of Proposed Services

The Network Provider will design, build, install, own, operate and manage a complete high-speed communications Network within the Service Area. The system shall be Fiber-to-the-home Active E or GPON technologies and allow users access to and from the Internet and access to other services as required.

2.2 Service Area

See attached map.

3. Administrative Issues

3.1 Cost

Project Proposal	<u>1.3 miles</u>
Project Homes Passed	<u>47</u>
Build Estimate	<u>\$</u>
Paulding County Contribution	<u>\$ 23,673.74</u>
Total Project Estimated Network Provider Contribution	<u>\$</u>

American Rescue Plan Act of 2021 and 2022 funds are requested for this project from Village of Broughton in the amount of \$11,836.87 and Paulding County in the amount of \$11,836.87 for a total contribution of \$23,673.74.

3.2 Proposal Due Date

Proposals are due May 24, 2023

3.3 Use of Subcontractors

Network Provider may use subcontractors to fulfill any obligations in connection with the project. Use of subcontractors shall be subject to all applicable state and federal laws. Network Provider shall remain liable for fulfilling all its obligations on the project, and for any claims or damages arising from the subcontractor's work.
